From here you can get to your room controller interface

Options for uploading and managing content, as well as adding content groups

Options for organisation users, i.e. to add/edit new users and content groups

You can get to your account settings from here

Videos 4

Videos (MB) 240

Statistics of your content, e.g. how many videos, images, timelines, themes, etc. you currently have, and their file sizes.

The dashboard features a sidebar menu on the left with a large '4' icon and a list of options: Room Controller, Content Interface, Content Management, Upload Content, Add Content Group, Content Groups, and Users. The main area displays a header with the user's name 'Joe Bloggs' and four content category tiles. Below these are two donut charts. The first chart, titled 'Videos', shows a value of 4. The second chart, titled 'Videos (MB)', shows a value of 240. Annotations with arrows point to the sidebar menu, the top right user profile, and the two charts.
